**A GOOD EGG**

The humble egg. So wonderful when done right, so easy to get wrong.

Let's start with the age old question, what came first, the Chicken or the Egg? Our eggs are hand-picked and come from multi award-winning St Ewe, the Tonks family owned farm in Cornwall where the hens roam free as a (flightless) bird. The welfare of the hens (chickens) definitely comes first. If hens did spa weekends, this would be it.

It could all still go horribly wrong. But here's why it doesn't. Every fried egg is fried in its own teeny weeny individual pan. The scrambled eggs - just eggs and butter, nothing more. Don't worry about egg poaching nightmares, over the years we've poached millions - you're in the hands of professionals here.

There you go. Stick your fork in, release the Egg Porn.
